**Style, Design and Luxury** Like a precious gem, the Villa is set in the ancient granitic rocks typical of this region, in the panoramic position on the hill, not far from Porto Cervo, Costa Smeralda's main centre with an incredible 270° view on the Maddalena Islands and Corsica. This hill is hosting a secured private villa complex, consisting of eleven beautiful villas, in whose construction has prevailed the respect for the environment and the desire to combine the beauty of the landscape and the architecture. Design and tradition, refined elegance and reminders of the past come together in the style of this property: an enchanting, charming and modern building, surrounded by colourful plants and scented shrubs of the Mediterranean vegetation. The wonders of nature, sometimes simple, sometimes complex, with the technology, which need not necessarily go against each other, but they can, harmoniously co-exist and support each other. This is an independent villa, part of this complex which offers a lovely view over the archipelago of La Maddalena.

#### Layout

- Five steps lead up to the main entrance of the Villa, composed of several rooms: a kitchen with modern equipment, a studio with sofa bed and private bathroom, a living room with a 140 sqm dining area. The pool is gently introduced from the outside into the interior and creates a feeling of infinity, thanks to the floor and walls of glass that create a sense of continuity. The master bedroom (Orange Room), with a queen size bed, has a wardrobe, plasma TV, safe, bathroom with shower and tub. There are two other bedrooms (Blue Room and Pink Room) with a queen size bed and en suite bathrooms and a guest house with a bedroom and ensuite bathroom, plus another bedroom with private bathroom. All rooms overlook the garden and enjoy a splendid view. In addition, an equipped barbecue area, gym, laundry area and a terrace overlooking the sea are available.
